

CORENDON AIRLINES QUALITY POLICY

Corendon Airlines is committed to set up and continuously develop a quality, security and safety management system operating in synergy to meet evolving standards of aviation industry and satisfy expectations of their customers by safe, cost effective and efficient flight operations.

Our principles to reach this aim are as follows;

- To promote quality awareness, to give safety the primary concern,
- To comply with requirements of Turkish DGCA and other relevant national and international Authorities, meeting their safety and quality standards,
- To team up highly qualified, customer focused and motivated personnel,
- To make use of human factors principles, encourage personnel to be a part of the action, to be assertive and to report errors/incidents freely.
- To share our knowledge with our colleagues and ensure our suppliers meet our company standards,
- To cooperate with quality auditors.

We will supply necessary sources to ensure our safety and quality objectives are achieved.
