

CORENDON AIRLINES SAFETY POLICY

Safety is one of our core business functions in both Corendon Airlines and Corendon ATO. All levels of management and all employees are accountable for the delivery of highest level of safety performance.

Our commitment is to:

- support the management of safety through the provision of all appropriate resources,
- encourage effective safety reporting and communication throughout the company,
- ensure that the management of safety is a primary responsibility of all staff and define accountabilities and responsibilities for them clearly,
- conduct and enhance Hazard Identification and Risk Management (HIRM) processes in a systematic way,
- ensure that no action will be taken against any employee who discloses a safety concern, unless such disclosure indicates gross negligence or a deliberate or willful disregard of regulations or procedures,
- comply with national and international legislative and regulatory requirements and standards,
- ensure that sufficient skilled and trained human resources are available to implement safety strategies and processes,
- ensure that all staff are provided with adequate and appropriate safety information and training,
- ensure that externally supplied systems and services to support our operations are delivered meeting our safety performance standards,
- work for continuous improvement and enhancement in the level of safety,
- make necessary preparations for crisis situation,
- take the necessary measures for the business continuity by means of applying management of change for upcoming or unexpected events,
- provide a safe and healthy workplace/condition (including pandemic) for all employees/passengers.
